English

German

*High-tech biz at first hand - practical study right from the start*

# Hear from our students of Software Design International

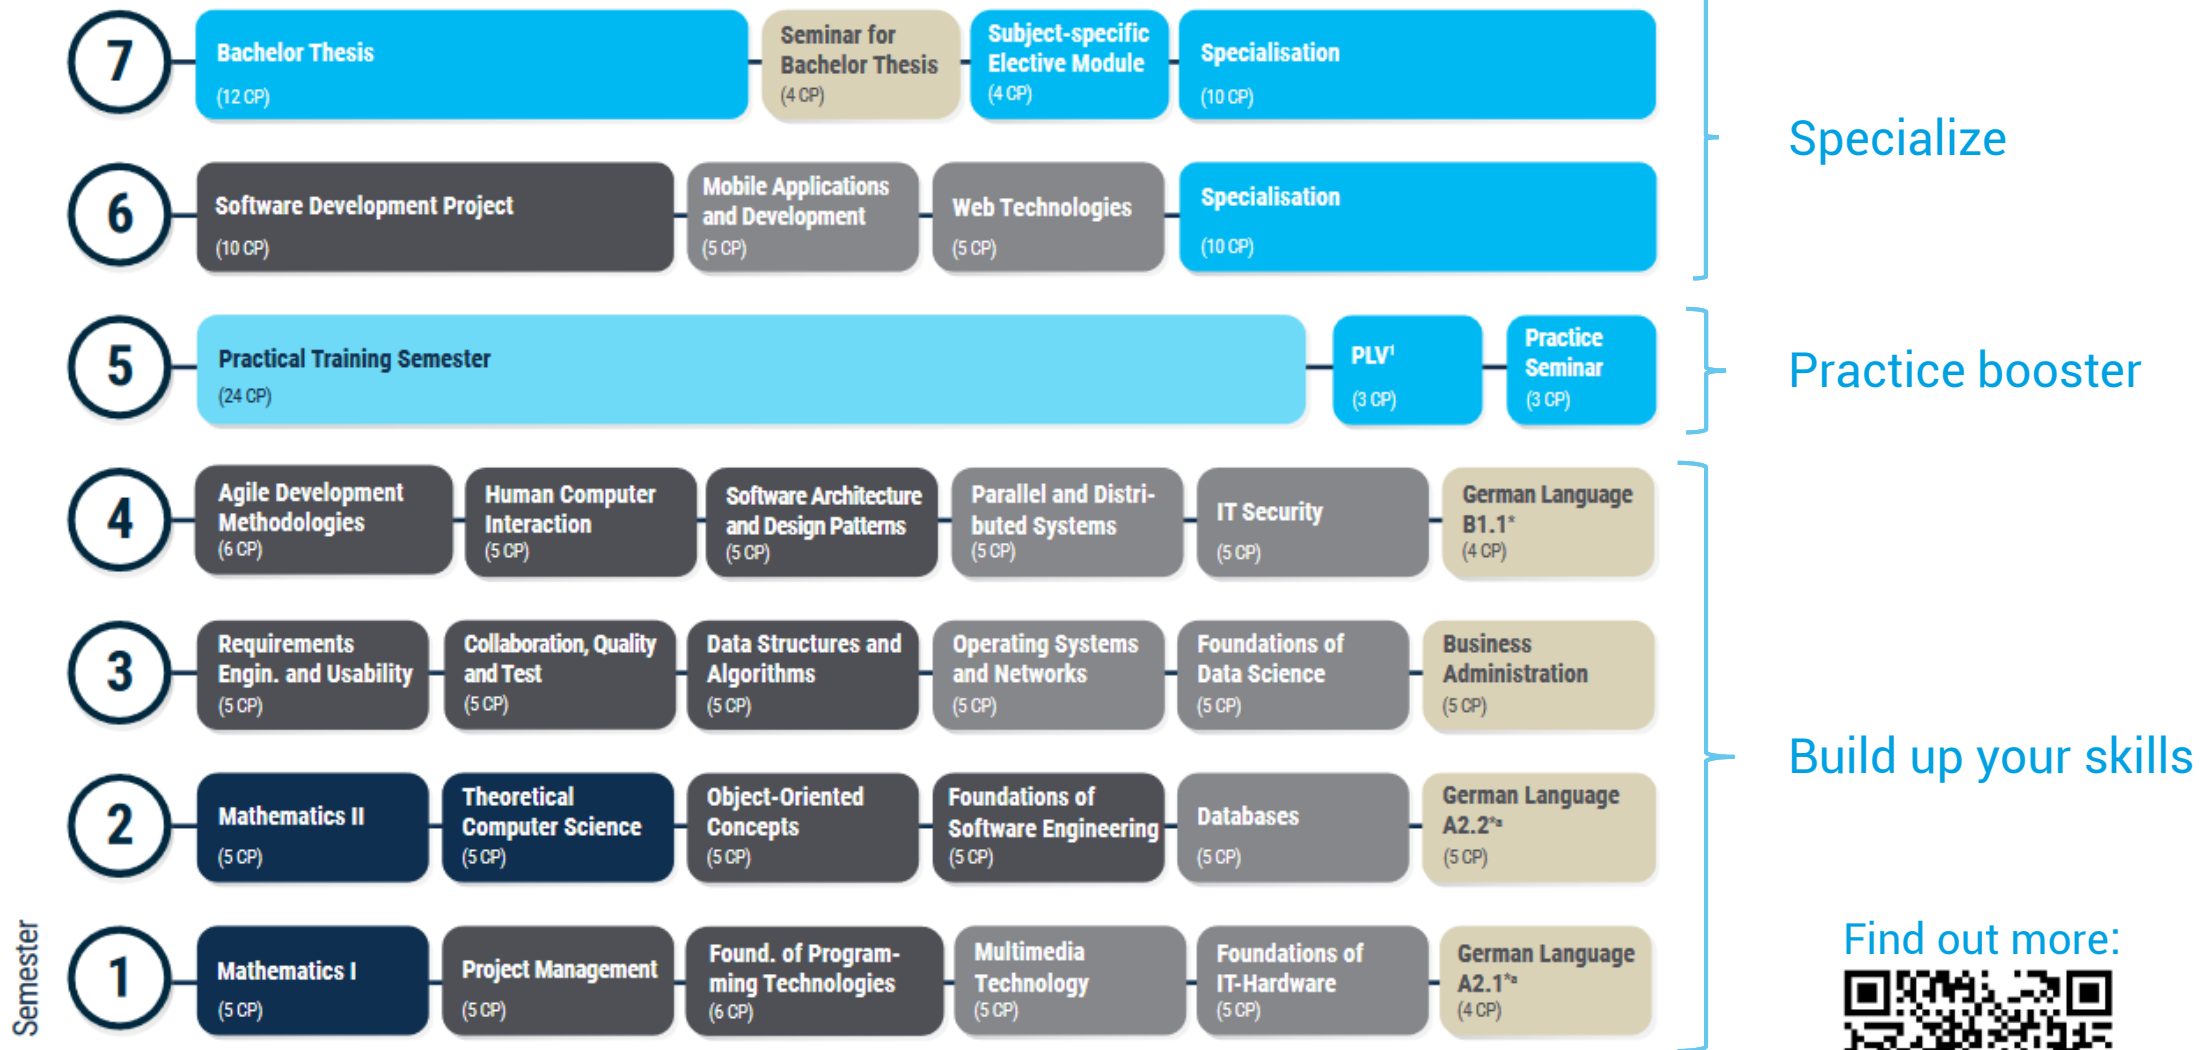

Rabia from Pakistan shares,  
“I chose Aschaffenburg because it provides high-quality education and interesting courses in English, with a lower cost of living compared to other cities.”

Nurhan from Malaysia adds,  
“The programme covers every aspect of software development, and the peaceful city offers beautiful attractions.”

These testimonials reflect the enriching experiences of our International student community.

# Study Progress Plan Software Design International (Bachelor of Science)
